

The Library has space available for local artists and collectors who would like to exhibit their work or share a collection. We have gallery space and three-locked display cases, which can be reserved on a monthly basis by contacting Nancy Nadeau, Community Outreach Coordinator x 6102 or nnadeau@nklibrary.org.

The library also has a bulletin board and free materials exhibit space available for community groups and organizations. Posters announcing programs or events sponsored by any local educational, cultural, recreational, governmental, religious, or fraternal organizations may be displayed provided there is room for them. The library director must approve any material that is displayed.
